

Savings. Support. Reliability

Computer Corner and Epson understand the challengers educational institutions face. That's why we created the Brighter Futures Education Program. It offers schools like yours special pricing, extended warranties, dedicated Account Managers and toll-free technical support to help you reduce costs, maximize your technology budget and more effectively utilize the tools you need to teach and communicate skills.

Competitive, Up-to-Date Pricing

We understand that you need to make every penny count. Computer Corner offers excellent pricing across our full line of projectors for your school so you get the latest reliable technology at a phenomenal price.

Epson Extended Warranty

In the event that your projector needs repair, you're covered for three years as part of the Brighter Futures Education Program.

Epson PrivateLine® Toll-Free Tech Support

Have a question? No problem! With our exclusive PrivateLine support program (included at no additional charge for the duration of your warranty), you can instantly connect to a technical support expert who can provide fast answers to your projector questions.
